SOFTWARE DEVELOPER

I am a motivated Mathematics and Computer Science student in my fourth year at Eskişehir Osmangazi University, seeking a challenging Software Developer position. I offer a strong foundation in React, TypeScript, and Next.js, with a proven ability to drive efficiency, deliver successful outcomes, and collaborate effectively within teams.

SKILLS

HTML	React	Redux	Express.js	Patience
CSS	Typescript	TailwindCSS	Git	Collaboration
Javascript	Next.js	REST API	Github	Adaptability

PROFESSIONAL EXPERIENCE

Gise.com - Remote

24/02/2024 - 30/03/2024

Freelance Frontend Developer

Rebuilt the frontend of a website using React, TypeScript, and REST API. Added features like a homepage, ticket pages with seat selection, event search, blog pages, user operations (login, logout, favoriting...), a profile page for managing tickets and user informations, bus and plane ticket search, and dedicated payment pages. All features used REST API connections.

Teknodev - Antalya/Turkey

17/05/2023 - 20/09/2023

Intern Frontend Developer

As a Frontend Development Intern at Teknodev, I gained experience with React, TypeScript, Git, SCSS, and Spica, a free and open-source backend platform. I started with smaller tasks and took on more complex ones as I improved. I mainly contributed to a website creation platform similar to Wix, enhancing my skills in agile development, teamwork, and communication.

PROJECTS

Portfolio <https://github.com/bartwo21/portfolio>

I have created my portfolio website using Next.js, Tailwind CSS, and the GitHub REST API to display all of my projects.

Tour Page <https://github.com/bartwo21/tour-project>

I developed a dynamic web page with React, TypeScript, Router v6, and Redux, featuring user login, tour details, and reservation/payment simulation.
